No flashy, lumberly pages for YOU to pay for. No extravagant prices to match the enormous expense of business done in the city. Do not forget this.

Please Remember: I am not a big city seedsman whose ed clerks, knowing nothing and caring nothing about gardening. I personally attend to your orders, and try honestly to serve you with the best that can be produced.

I thank You Friends one and all, for your liberal patronage and especially for your kind words. I wish I deserved them more. I know it is my earnest desire to prove myself worthy of your confidence. With thanks and best wishes. Your Friend, A. T. COOK.

Personal Greeting.

Established 1876.

My Trade Mark.

Dear Friends:—The very best thing about my seed business—what I value most—is the long list of good friends I have made. A few of the kind letters from my customers are given in this book. I only wish there was room to print hundreds more. I don't know one of them personally, but they are fast friends of mine and helping on the success of my seed business. No words of mine can ever express my gratitude to you all for your kindness.

A Farmer's Son who Followed the Plow.

I am a Farmer's Son. I grew up on the farm—far from railroads, and the cities maddening crowds. My Ancestors were Quakers—all Farmers from time immemorial. I grew up among Farmers and Gardeners in fertile Dutchess Co. Early indeed did I learn this truth—that "men do not gather figs of thistles," and that high grade, CAREFULLY SELECTED seeds were absolutely essential for success.

This Kind Only

have I been growing and selling for over 25 years. The Seed business is my sole life's work, and I am sure I understand my business. My heart is in sympathy with honest planters everywhere. I personally attend to your orders, and read all your letters. I have personally selected everything in this catalog—for your best success and profit.

I am not a City Seedsman

whose business is done by disinterested clerks who neither know or care anything about gardening. I do not charge big prices to meet the enormous expense of business done in a city. The tremendous cost of bulky, flashy catalogs, and advertising is all saved for you. 'Tis for this I can give YOU more and better seeds, far better discounts, and Premiums of such great value they always excite wonder and astonishment.

Best of Mailing Facilities.

I am situated on the banks of the beautiful Hudson River—right among the most expert Farmers and Gardeners. Five mails each way every day.

Please send me Your Photo

when you send in your order, or photos of your family, children, home, garden, stock, scenery around you, etc. You may be sure I will return the favor at once. I feel deeply interested in all my customers—I cannot tell you how much. I carefully preserve every photograph—treasuring them very highly. Be sure and write your name and address on back of every one, and later I may remember you again with something nice. Here is a new engraving which shows how your seedsman looks at the present time. With thanks and best wishes,

A. T. COOK, Hyde Park, N. Y.

Your Friend, A. T. Cook

Dear Friends:—One word more. While I am pleased to sell my seeds, and give premiums to my worthy customers and club-agents, I desire more—that I may induce the young to shun as a deadly vice all intoxicants and tobacco; and to lead a happier, better and longer life. Your Friend, A. T. COOK, Hyde Park, N. Y.

**Special Bargains
For YOU
And All Your Friends.**

IMPORTANT TO YOU. Read This and Following Page Carefully.

SPECIAL BARGAINS. Never before have I had so large and fine a stock of Seeds, Vines, etc., for my select trade as now. With special discounts, new Premiums,

practically everything sent prepaid and guaranteed to reach you safely and always please, (or order cheerfully re-filled gratis.) These are inducements of such practical value to you, that I will not only look for your own orders—but thru your influence—your friends as well. All are welcome.

ORDER EARLY.

Please order early as possible, before the rush comes in.

This is very important in more ways than one. It is to your interest as well as mine. Please do not delay—or put it off—but write out your order NOW and I as-

sure you, you will not regret it.

REMITTANCE MUST accompany all orders. Remit the most convenient way—Post Office Order, Bank Draft, or Registered Letter. I will take the risk by either of these good methods; letters very seldom get lost. You may select extra packets to pay cost of order or register. Postage stamps accepted when not convenient to remit otherwise. I much prefer 5, 8 and 10c. stamps. Remember this.

TRY Club Raising. It is easy, pleasant, and it pays. Your business will increase every year. Begin early.

SPECIAL NOTICE. If any of my customers have purchased seeds of me that did not give satisfaction, will kindly mention it WHEN ORDERING this season. I will be glad to give them anything they wish of equal value. This is a standing offer. BE SURE and write if anything has been wrong. It is my sincere wish to please in all cases, and I wish my friends to feel free to write if anything should have proved unsatisfactory, for I will be not only willing—but glad to make it right. A. T. COOK, HYDE PARK, N. Y.

Questions Answered, Instructions to Club Agents, Etc.

Questions Answered. Friends:—This Catalog contains full particulars of my seed business. Everything is explained in regard to my seeds, Premiums, extras, discounts, getting up clubs, sending remittance, etc., etc. Read especially 2nd, 3rd, and middle pages, Order Sheet, etc.

You will find everything plain, and the greatest bargains you ever heard of. You can make no mistake—so go right ahead and send in your own—or a club order, and select the Premium you wish. (Or if you prefer the cash discount instead of a premium, deduct one-third from the regular catalog price for your share.)

Remittance Must accompany each and every order. I keep no books or book-keeper.

I Never sell on credit or commission, or C. O. D. Please don't ask it. Its an Old Fogey plan anyway.

No One can give half as good bargains as I do and do business such an expensive way.

If You Have no money, get a friend to advance some for a few days—(till the seeds are delivered.)

The Premiums or Discounts are on EVERYTHING offered, and Extras are always added.

All my Selected, High Grade Seeds are sold in large packets only—never in bulk.

I am a Specialist, and do not catalog the hundreds of worthless sorts. It don't pay to grow them.

I can only furnish the seeds, etc., offered in my catalog. They are the very best that grow.

No Seeds are ever returned. My seeds are always fresh and new—best quality, sure to grow.

This Catalog contains my BEST and ONLY terms. They were never equaled by any seedsman.

When Premiums are wanted, full catalog price must be paid.

No Tobacco seed sold. I do not believe it right to grow the vile stuff, to use it, or sell it.

I Never sell my Premiums, but give them free for orders. Anyone can obtain them.

All Seeds are put up in large, handsome packets, with full directions for planting, etc.

MY SEEDS are all tested and known to be extra quality. If any fail to please will be replaced free.

No Order filled for less than quantity stated. I have no 5¢ packets of the 10¢ varieties.

To Children (and all) Club-raising is VERY easy. Your own order and your parents, count same as any.

Try your parents for a big order to start with.

If No Premium is ordered (or discount taken) I always send a PREMIUM COUPON good for the whole value toward any Premium you may desire. These Coupons are very valuable. Do not lose them.

Important. Please write plainly with ink, and give name and address every time.

ORDERS FILLED PROMPTLY. Orders are always filled with great promptness, but are sometimes delayed a few days in the mails. Don't be in too much haste to complain. Wait a little, and before you write ask your Postmaster to look well for your package, as they are often too large for the boxes and may be laid one side and overlooked. If necessary to write be sure and state WHAT you ordered, WHEN, also AMOUNT, and in WHAT WAY you remitted, so it can be traced.

LITTLE THINGS. Sign your name and address to every order. I have orders I cannot fill because I cannot GUESS where they go. Write plainly with ink, it may save mistakes. Don't cut up your Catalog; they cost money. Give the extra one to your friend.

ALL CLUB ORDERS are sent direct to Agents. Put your name and address only on the order to save mistakes. (Should you wish part mailed to distant Postoffices, write such orders, name, and address, each on A SEPARATE SHEET.) \$3.00 clubs and under for premiums must be in one order. Larger clubs may be sent in two orders if necessary—but be sure and say in

the first order that you are working for a premium. A HINT. Many Club Agents offer to take eggs, etc., in payment when parties have no money—and thus largely increase their orders. These are sold for cash at any grocery store. Try it.

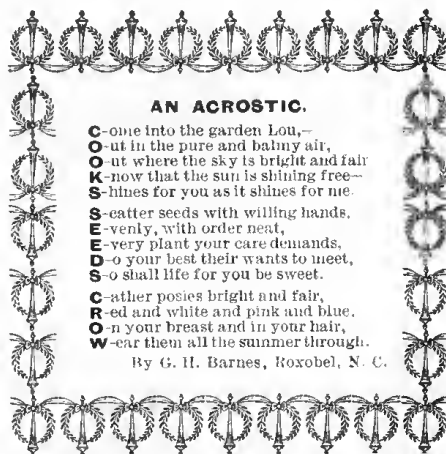

MISTAKES. With all my care I sometimes make mistakes; so does every one. I earnestly desire to correct every one here in this life—for I can never return to do it. If everything is not right please do me the kindness to write and explain—pleasantly if you can, but write anyway. You run no risks.

IMPORTANT TO ALL. Three packets for 25 cts. may be ordered of any 10¢ variety—even when a premium or regular discount is taken. ~~80~~ Club Agents—be sure and mention this when taking orders.

TO CANADA CUSTOMERS. I have a host of Canada customers who have found my extremely early, hardy varieties admirably suited to their short seasons—producing the most bountiful crops. I send everything by mail, fully prepaid, but do not pay duty which is sometimes required on some of the goods. This however if any—will be but little. ~~80~~ I always add free, enough Premiums and Extras to pay this several times over. I PREFER remittance by Money Order or Bills—but will accept Canada stamps.

ON EVERYTHING. My Premiums or Discounts are on EVERYTHING OFFERED. ~~80~~ No other Seedsman does this. No other Seedsman gives as liberal premiums, or as big Discounts—or as large packets.

THIS IS MY WAY of advertising, and I KNOW MY FRIENDS who get the benefit WILL HELP ME—as they always have.

Money Made, or Useful Premiums Earned Easily and Quickly.

Few Indeed who have not tried it have any idea how easy, pleasant and profitable it is to get up clubs for my seeds. You know your friends and neighbors all buy seeds every year of some one, and they will be only too glad to give you their orders if you will but ask them. Many desire to earn "pin money" and surely there never was an easier or pleasanter way than this to get pin money in abundance. Many thousand send me clubs every year. You can do as well. All who try are absolutely sure of earning big wages or securing valuable Premiums free of cost. NOW is the time to get up your club. Please take this catalog and begin at once to take orders.

Cash Discounts. If you are working for CASH you may keep ONE-THIRD on all the orders you get (sending me but \$1.00 for \$1.50 worth—\$2.00 for \$3.00 worth, etc.) This extraordinary discount, which is greater than given by any other seedsman, covers EVERYTHING offered in my catalog and circulars. Remember this. If you cannot raise a club, kindly tell some one who can. Any one should easily obtain \$5.00 to \$20.00 in orders a day and one-third is clear profit.

Premiums. Many club-raisers prefer Premiums. My terms are equally liberal here. I give elegant Watches, Fountain Pens, Talking Machines, Stereo-

scopes, Sewing Machines, etc.—all of extra quality—for small clubs. See particulars elsewhere.

BOYS AND GIRLS are among my most successful club-raisers. They always do well if they try. I sent them over 1,000 of my beautiful watches last year. Besides many other premiums, to their great delight. Parents everywhere should encourage their children to get up clubs, for nothing could benefit them more than such practical business lessons. Give them your own order to start with.

MY PREMIUMS are all fully guaranteed. Many wonder how I can give such extremely valuable ones for small orders. It is done to advertise my gilt edge seeds, of course, and my customers get the benefit. I had rather give it to my friends than pay it to the newspapers. This is the whole secret.

I Will Look for a large club from you—but send a club anyway, no matter how small. My packets are so large and well filled, I give so many extras, and price is so low, that your success must be certain.

If You Wish more catalogs to distribute, I will send them gladly, and help you all I can; write for all you can use. I will look for your club; please do not disappoint me. With best wishes for your success I am,

Sincerely Yours—A T COOK.

New Vegetable Peaches.

HEADQUARTERS SEED.

I am proud to have been the original introducer of this very valuable and popular little fruit, that should be in every garden. The flesh is snow-white and makes handsome, delicious preserves, and sweet pickles; may be fried like egg-plant, and are fine for mangoes.

There is nothing like them. Extremely early, of the easiest culture, surprising yielder, covering the ground with its golden fruit. They grow from the seed in 80 days. I am sure you will be very much pleased with it.

L. N. Wiltonghly, Chesire Co. N. H. writes:—Your Vegetable Peach "took the cake" and attracted more attention than anything else shown at our Farmer's Festival. Your seeds yield enormously.

NEW EXTRA EARLY BEE

After a careful trial for several seasons, I am glad to offer this new variety as one of almost inestimable value. How many of my Market Gardening friends believe that there is anywhere in existence a nice, smooth, garden beet, of deep red color, which will produce roots of suitable size for market TEN DAYS in advance of the old early sorts. Well friends this variety does that very thing; I was incredulous until I planted the seeds and tested them side by side, and watching their growth almost daily, saw a finely formed root develop on every plant of this new variety, before other early kinds began to bottom. The flesh is delicate, rich, and sugary; very fine grained. It is in every way an ideal Table Beet. Every garden should contain it. Young plants make splendid greens. Packet 10 cts. 3 for 25 cts.

THE EARLIEST TOMATO IN THE WORLD

I had the finest tomatoes from your seed I ever saw. One Monster Ignatum weighed two pounds and 14 ounces. H. B. Wallis, Columbia Co. Ark.

Mammoth Ignatum Tomato.

All should plant the new Ignatum Tomato. A "priceless paragon" in the Tomato line. The earliest extra LARGE tomato. The most valuable large tomato ever introduced. It will wipe out fifty old sorts at a sweep. Bright red color, always smooth and solid, uniformly LARGE size. Why grow a poor sort when you can have such a variety as this? Beware of cheap Tomato seed which is often the vile product of waste from Canning Factories. My seed is carefully grown and selected. Packet 10 cts. 3 for 25 cts.

The Ignatum Tomato is best we ever had. I did not think it could equal your description—but a trial proves it really does.

John Erwin, Harrison Co. Ohio.

From a careful test of 45 different varieties I find the Ignatum the best of all.

J. Gregory, Essex Co. Mass.

A 9 year old Club Raiser.

Mr. A. T. Cook:—I am very much pleased with my watches. I gave one to brother, I am only 9 years old and got up my \$6.00 club in one day. Any boy or girl can have a nice watch if they only try. I will get up a much larger club next year. Papa is much pleased with his seeds. J. Lind, Hopewell, N.Y.

Extra Early Purple Top Milan Turnip.

The earliest in cultivation, adapted to spring or fall. It is fully one week earlier than any other sort, and of superior quality. The bulb is flat, medium size, smooth, with a bright purple top; leaves few. The pure ivory-white flesh is of the choicest quality, solid, and fine grained. Very mild and sweet. A good keeper. Of great value to all private and market gardens. Pkt. 10c.

Boys, You Can Make Lots of Money Growing Veg. Plants.

I know you can for I used to do it myself. I have sold over \$75.00 worth of celery plants a home in my neighborhood in a single season. Cabbage, Tomato and Celery plants sell best. Pepper, Cauliflower, Lettuce and Egg Plant sell good too. Asparagus plants always sell well and bring big prices. (Pansy Plants ditto.)

You can soon build up a very profitable business in plants if you try, that will increase from year to year. There is everywhere a good demand at paying prices. Plant a dozen pkts. of above varieties and fill up your pocket book.

After you have your early books all made and planted, and have sent in your club for Cook's seeds, you may go

Is Your Name Cook?

"We may live without poets, music and art, We may live without conscience, and live without heart; We may live without friends, we may live without books, But civilized man cannot live without Cooks."

I much desire the name and address of one person in each family in the United States by the name of "Cook." Somehow it seems to me that all Cooks especially should know of my bargain in seeds and premiums. Please send the names (one only in each family) and oblige, Your Seedsman—Cook.

Golden Tankard Mangel-Wurtzel Beet.

This is decidedly the finest mangel in cultivation, and best for dairy use. Of very large size, clean and handsome, easily pulled as it grows two-thirds out of the ground; will bear close planting. The flesh is rich golden yellow, exceedingly nutritious. It is early, hardy, and a very heavy cropper. The Golden Tankard has quickly taken the lead of all other varieties. It contains a large percentage of sugar and is much relished by milk cows and sheep. One of the best of keepers. Farmers should give root crops more attention. The wonderful results of feeding roots are plainly seen in the health and condition of the animals, and in the greatly increased yield of milk and rich, golden butter in cows. Do not miss planting a good size patch. It will be dollars in your pocket. Selected seeds in LARGE PACKETS 5 cts. each, 6 for 25 cts.

Improved Purple Top Yellow Rutabaga.

This variety cannot be too highly recommended, and no sort will produce such handsomely formed roots, or greater yield. It is of the choicest quality, and full of nourishment; very solid, of a beautiful orange color, with a handsome purple top. Will keep all winter and even into the following summer. It is the result of many years of careful selection.

"THE GRANDEST VARIETY IN CULTIVATION"

Do not miss it 5 for 25 cts.

NEW EARLY CHAMPION PEANUT.

This mammoth new Extra Early Peanut is the crowning triumph of a careful Specialist, and in size, quality and yield, will far surpass any other sort. It is a surprising yielder, having produced 100 bushels per acre.

It is so early and such a robust grower that fair crops have been harvested even in Vermont and Canada. Don't fail to try it—and every boy and girl should have a bed of Peanuts in their garden. Full directions for planting etc., on every packet. Pkt. 10 cts. 3 for 25c.

JAPANESE HOP, NEW VARIEGATED.

A grand and charming climber, growing 20 to 25 feet in a few weeks. Its immense leaves—6 to 7 inches across, are extremely dense and beautifully marked with white, yellowish green, and dark green. Not injured by insects or heat. Vine is very ornamental, and retains its beauty until frost.

This vine is one of the hardiest of plants, growing vigorously in any situation. Do not miss this beautiful vine. Selected Seed, Large Pkt. 10 cts.

True Hybridized Potato Seed-Ball Seed.

Thousands never saw a potato seed-ball. Thousands more have tried in vain to get the seed. I have the pleasure of offering a VERY choice strain of Potato Seed—the product of numerous hybridizations between many of the best new and old varieties in cultivation.

Growing NEW SORTS from the seed-ball seed is intensely interesting for old or young.

There is the widest range of difference in color, shape, and general characteristics between the different seedlings; every one is more or less unlike every other. Great success has already attended the attempt to improve this valuable esculent, and the end is not yet—many varieties will yet be found which will bring a golden harvest to the fortunate growers, and prove of inestimable value to the world. YOU may be the lucky one—and even your boy may make his fortune growing these. Let him try it.

Directions for planting, cultivating, etc., on each pkt. **Extra Choice Selected Seed Mixed—Very best American and many splendid European Varieties—regular 25c. pkt.—only 10 cts. 3 for 25 cts. 12 for \$1.00.**

I HAVE A HOST OF TESTIMONIALS FROM THIS FAMOUS SEED.

Wm M. Johnson, of Tampico, Ind. writes:—"The packet of Potato-Seed you sent me did well. Some look like the peach-blow—some are a beautiful pale pink, large and long for a seedling the first year; they are beautiful. Some large white, purple eyes—some round, pale red, 30 to 50 in a hill—some pale blue—some white, flat, and 3 inches or more long—two hills of black potatoes, etc., etc. I never saw so many different colors and shapes."

This is "Mickey."

"Mickey" says it's nothing but fun to write out an order for Cook's seeds, and more fun yet to get up clubs and most fun of all to secure such splendid Premiums with so little trouble. "Mickey" sends me many orders. My young friends you can all do as well. Don't let "Mickey" beat you.

A gem among radishes. It has won golden opinions in all sections of the country. The illustration is perfect from nature, and will give some idea of their great beauty. It is absolutely the earliest radish in cultivation; their shape is perfectly globular, with rich, deep scarlet top; equally desirable for the market or home garden. My sales of this famous variety double every year. No other radish can compare with it for earliness. It is very tender, and of extra quality.

The Famous New Faxon Squash.

This new and distinct variety is very early, of medium size, unusually productive, and of the best possible quality. a curious admixture of many sizes, shapes and colors. This is a characteristic of the squash. The flesh is deep orange, cavity small. Nothing excels it for pies. I consider the Faxon decidedly the best of all squashes. Many who never could eat squashes before consider them delicious. Don't miss the Faxon. It cannot be praised too highly. Every customer will thank me for advising them to try it. Pkt. 10 cts. 3 for 25c.

Westfield, N. J. Feb. 13th, 1903.

My Dear A(ways) T(rue) Cook. Your Honest Catalog has come again. Every year adds to my faith in Cook's seeds.

Those Vegetable Peaches, Domestic Coffee, and Cinnamon Vines were more wonderful, more pleasing, and more fascinating than ever.

The Cinnamon Vine was the marvel of the city; and the peaches and coffee not only gave large crops but attracted the attention of the whole section. All other seeds did well.

The Perfection Parsnips, which came to my table for dinner to-day deserve especial mention. In more than a quarter-century's experience with experimental gardens, nothing in the way of seeds has ever pleased me more, and if it will do you any good you can say that Cook, and his seeds are guaranteed by me.

Fraternally and Sincerely Yours,
W. H. Morse, Agr'l Chemist.

A Wonder Among Cucumbers.

Extra Long Green Giant Cucumber.

A veritable giant among Cucumbers, and merits the highest praise. Enormously large and handsome, many specimens growing from 20 to 30 inches in length. It is a very strong grower, fruit straight, smooth, uniform, and produced in great abundance. It has few seeds, (not one-fourth as many as other sorts) quality excellent, crisp and tender. A very fine pickling variety, and unexcelled for slicing. Every one should grow this remarkable novelty. No variety will equal it for exhibition. It will be a wonder to yourself and all beholders.

Packet 10 cts. 3 for 25 cts.

"The Green Giant Cucumbers were splendid. My neighbors were astonished at their great length. One measured 23 inches." Lulu Williams. Westville, I. T.

"The Long Green Giant Cucumbers were grand, and of immense size. They were the wonder of the community. 7 left for seed were all over 18 inches in length. Your Short Stem Drumhead Cabbage, Powells Beans and Coffee Berries were worthy of especial praise." Mrs. Emma Wilhede, Lantz, Md.

PERENNIAL—OR EVERLASTING PEAS.

The Improved Perennial Pea—to my fancy is one of the prettiest climbers that grows, and is peculiarly adapted to our climate.

They live right along year after year, and bloom continuously thruout the long seasons from June to Sept. Their magnificent clusters of flowers are beautiful indeed, and specially desirable for cutting.

They are perfectly hardy everywhere, thrive well in any soil—even if poor.

Perennial Peas are deservedly popular where known. They are a very rapid grower—attaining a height of 8 to 10 feet—quickly covering a trellis or unsightly walls, stumps, etc., with a mass of vines, loaded with bright blossoms. You will not regret planting a liberal lot of these everlasting climbers. I offer choicest mixed colors.

Large Packet 10 cts. 3 for 25c.

Protect The Birds.

Protect the Birds. Encourage them in every way. They are the Farmer's and Gardener's best friends. They work for us, and sing for us from morning till night. They are God's own messengers of love. They fill our homes, our meadows, and the woods with Heavenly music. Do all you can to encourage them by precept and example. Put up houses for the wrens and blue birds. It will pay. Feed the birds in winter. I feed them every day, and they come from far and near. It is a delight to see them. I am sure no Lady customer of mine will be guilty of the cruelty of wearing birds on their hats, and I earnestly pray that each one will do their utmost to convert others from this barbarous practice. A. T. Cook.

EXTRA PROLIFIC POP CORN.

This remarkable new variety is the most astonishing yielder ever found among Pop Corn. Its enormous yields seem almost fabulous, for it produces 4 to 12 good ears on every stalk. Pops well soon as cured. Ears are 6 to 8 inches long, filled with light colored grains—very handsome. Stalks grow 6 feet high. Prof. With-

erell of Davenport, Iowa says "I selected 10 stalks on my farm with 121 ears, or an average of 12 ears to the stalk; one stalk had 19 ears." Was such a yield ever before heard of? Its popping qualities are remarkable, very large, and delicious flavor; 3 pints will make 1 bushel popped. You can raise 100 bushels of ears on an acre. Be sure and include this Pop Corn in your order. Pop Corn is a great money crop. Choice seed, genuine, packet 10 cts., 3 for 25 cts

New Stringless Green Pod Bush Bean.

This is an ideal string bean. Absolutely unrivalled. For home use or market no other green podded bean can equal it. It combines the chief merits of all others; extreme earliness, unusual hardness and wonderful productiveness. Pods are very handsome and finest quality—the flavor being most delicious. It is so hardy it withstands considerable frost. Pods are rich green, round, straight, 6 inches long, of unsurpassed tenderness and quality. Always entirely stringless and without exception the very earliest of all beans. Packet 10 cts., 3 for 25c.

MONEY IN POP CORN GROWING.

I PLANT
POP CORN
AND MAKE
BIG MONEY.
SO CAN YOU.

Pop corn is a great money crop. Give your Boys and Girls a chance to grow a lot and make money. It will pay in more ways than one. If well cared for and soil is good, 100 bushels of my productive varieties will easily grow on one acre.

Almost the first money I made when a boy was in growing and selling Pop Corn. My varieties being so easily grown and produce such immense crops makes them especially profitable for market. They always bring good prices. This is well worth looking after. If you have no boys or girls plant a patch yourself and report result.

S. G. CAMPBELL, Tappan, O., writes: Mr. A. T. Cook.—Last Spring I got three packets of Pop Corn from you, and I raised 312 bushels, sold 212 bushels for \$3.75 have 12 bu. to sell yet, and enough left for winter.

W. L. ANDERSON, Ind., says:—Last year I planted 1-4 acre of Pop Corn and husked 36 bushels, a yield of 144 bushels per acre. I sold it for \$1.00 per bushel. The corn required no more labor than common field corn.

The Wonderful Stereoscope.

SURELY YOU will not miss this Premium. My improved Stereoscope is one of the great wonders of the age. Its powerful, prismatic magnifying lenses brings all objects and scenery out in relief and lifesize, in a way that puzzles scientists, and excites the admiration of every delighted customer who has obtained it.

NO WORDS can describe this wonderful transformation. Everything standing in relief exactly as it looking at the real thing itself—instead of a picture. The Views are magnificent. None can be better whatever the price. Every one in clear, bright natural colors—made by a new process. Only a few years ago a single colored view no prettier than mine, would have cost more than \$3.00 alone. The Views are educational—having complete and interesting descriptions on the back, a most valuable feature. I give this Scope and 25 lovely Views for a \$3.00 order—or Scope and 100 Views for \$6.00, all prepaid. Full particulars elsewhere.

BY NO MEANS miss this great Premium. Send your own—or a club order at once. I have sent out immense quantities—all go wild with delight over them. Now is your time. I may never again offer so much.

EVERY PARENT should induce their children to get this splendid educational premium. No schooling for them could possibly be of greater benefit.

Read This—Thousands Should Do Likewise. Mr. A. T. Cook. I enclose \$15.10 for enclosed list of seeds, and one Ladies Gold Filled Watch and Solid Gold Fountain Pen as Premiums. My Scope and Views are just beauties. Everybody admires them, and wonders how you can give such a valuable Premium. I am much pleased with my Sewing Machine you sent me in 1904. Your Premiums are bargains. Every Lady and child can easily obtain them. Mrs. F. M. Pointer, Osborne Co., Kans.

BROAD LEAVED SAGE.

Sage is most extensively used of all herbs for seasoning. The leaves and tender tops are used in stuffing, sauces, etc. Sage has many medical properties. Sow early, and thin to 12 inches. A bed will last many years. This is the best kind. Have you a bed of sage? If not now is a good time to plant one.

Packet 5 cts.

Select Surehead CABBAGE.

"ALL HEAD, AND ALWAYS SURE TO HEAD."

This magnificent cabbage is a most valuable contribution to horticulture. The heads are very large, round, flattened on top, remarkably uniform, extra hard and fine texture. May be planted closer than usual as it has so few outside leaves.

This makes it especially profitable to grow. A. Rose of Yates Co. N. Y. grew a head of this remarkable Cabbage of the astonishing weight of 64½ lbs.

If you want a cabbage that is practically "all head, and always sure to head" (even under adverse conditions) you will find it in the Surehead. It is a late variety, and one of the very best of keepers. Its extra quality renders it especially desirable for Home use, and select retail trade. Extra Selected Seed—saved from the best heads. Pkt 10 cts. 3 for 25 cts.

HOW A HOME GARDEN PAID \$33.27. WHY NOT DO LIKEWISE?

"We live near a small village where but two families do not raise vegetables—yet we sold during the year \$37.77 worth. Our seeds cost \$4.50, leaving a clear cash profit of \$33.27. Besides we estimate we used fully \$100.00 worth for our own table—giving us better health, and saving much on meat, canned goods, grocery and doctor bills.

To do this we gave good care, planned to have vegetables both earlier and later than other people, and everything offered was washed and made attractive. Others could even do as well. Our garden is the best, and most profitable part of the farm." Clara S. Everts, Miss.

THE ASPARAGUS BEET.

This delicious species (also called Sea Kale, or Swiss Chard) is grown for its leaves only. The leaves are used like spinach, but the great value of the plant is its large, fleshy, mid-rib of the leaves which are cut and cooked like asparagus, and are **EXTRA FINE**. As a substitute for asparagus nothing could be better. Ready to use in 2 months from planting and may be used continuously all summer and fall. It is a most valuable vegetable—too good a thing to miss, and I hope every one of my customers will plant it. Pkt. 5c.

EXTRA DOUBLE CURLED PARSLEY.

Parsley is a flavoring herb of highest culinary value. This superior variety has beautiful, mossy curled and crimped leaves, light brilliant shade of green, of extra fine quality. No one planting it once would ever be without it.

The Leaves can be dried for winter use—or take up a few plants and store in the cellar. Packet 10 cts.

"Better to pick a small bouquet,
And give to your friend this very day,
Than a bushel of roses white and red,
To put on his coffin when he is dead."

NEW EXTRA EARLY SUGAR CORN.

The best early—and the earliest of all Sweet Corn. Very productive and sweet. Ears good size for so early a variety, being 6 to 7 inches long. Usually two ears grow on a stalk, and sometimes 3 or 4. This is the sweetest of all early corns and should be in every garden.

Especially valuable for the market gardener, to completely control the early market.

Packet 10c., 3 for 25c.

"I planted your Extra Early Sweet Corn on April 20th, and had roasting ears on June 28th, which was 4 weeks earlier than my other corn." ABE DAVIS,

Forest City, Ark.

"Your seeds are perfect—every one seems to grow. Your Extra Early Sweet Corn is the only kind that will mature here."

MRS. S. K. KNEFLAND,
Tangiers, Nova Scotia.

You May be Disappointed

In not finding in my catalogue varieties that are largely boomed by other seedsmen. If they are omitted there is a reason for it. Is it not cheaper for you to be disappointed now than at the harvest time? All unworthy sorts are left out of this catalogue.

Giant Summer Crookneck Squash.

This new strain is even earlier than the common variety, while the squashes grow to an extra large size—from 18 inches to two feet long, and of finest quality.

They command an extra price in all markets. One grower reports \$125. worth sold from ¼ acre. This is the best flavored

and finest of all summer squashes. Per packet 5 cts.

Strawberry Husk Tomato.

TRUE HEADQUARTERS SEED.

These unique tomatoes are a wonderful fine fruit, and grow from the seed in 80 days. They are simply superb for canning, preserving and pies; everyone calling them most delicious. If left in their husks, and stored in a cool, dry place they

Keep Fresh All Winter.

Dried in sugar as raisins or figs, and to use in fruit cake etc., they are unexcelled. They are a handsome golden color—the size of large cherries, and enormously productive. They have an exquisite flavor. Many say

"Better Than Strawberries"

to eat out of hand. No one ever gets tired of them. They are hardy everywhere, and produce enormous crops even where other fruit is a failure. Packet with full directions for planting, use of fruit etc., only 10 cts. 3 for 25 cts

EARLY WINNICSTADT CABBAGE.

A well known and very popular variety, heads large, decidedly conical, remarkably solid and hard, even in summer. This is a sure header, a good shipper, and suffers less from the cabbage worm than any other sort; valuable for both summer or winter use. Market gardeners and all others desiring a choice strain of this desirable cabbage should try my selected seed.

#2 Beware of cheap Cabbage seed, which is often grown from stumps and unsalable rubbish. Pkt. 5 cts.

"I raised a garden full of Cabbages from your seed last year. They were the finest cabbage I ever saw. My neighbors failed to raise any at all, and I told them they should have planted Cook's selected seeds." P. R. Hurn, Wash Co., Ark.

The Great Prize Pumpkin

KING OF THE MAMMOTHS

This grand, colossal variety is without a rival; it astonishes everybody by its mammoth size and heavy weight. Indeed no other pumpkin has ever attained

"Jumbo of All."

such enormous weights, or been awarded as many prizes. Think of it, a single pumpkin weighing 298 lbs. (See Cut.) Is not this the greatest of all pumpkins? In France they have been grown to still greater size, and as many of my customers have as good, rich soil—as highly productive, as any there is in France or anywhere else on the face of the earth, I see no reason why they cannot be grown much larger here. The flesh and skin of this monstrous pumpkin is a bright golden color, very fine grained, and of excellent quality. Notwithstanding its enormous size, it is one of the best pie or table pumpkins ever grown, and is a splendid keeper. I hope all enterprising pumpkin growers will give this variety a trial. You will be sure of a prize at your County Fair. Full directions on every packet, giving best methods of planting etc. to secure the largest specimens. See offer below. Extra seed saved from selected LARGE pumpkins.

Packet 10 cts. 3 for 25 cts.

#3 EVERY PERSON who receives this Catalog should surely take advantage of the marvellous opportunities for making money, or securing valuable Premiums free of cost. Please tell your Club-Agent friends, and bright Boys and Girls—of my matchless Inducements for orders.

"There is no unbelief;
Whoever plants a seed beneath the sod,
And waits to see it push away the clod,
He trusts in God."

MY SUPERIOR SEED is the very best I can grow or get. None are cheaper QUALITY considered. I do not try to compete with foreign trash, or that grown from scallions and refuse of crops. I could sell such for 2 cts. per packet—but they would be dear as a gift. With an experience of 25 years in gardening I know the value of high grade seeds. I have in the past, do now, and always will maintain this high standard.

New Winter Pineapple Muskmelon.

The Winter Pineapple differs from all other muskmelons in shape and appearance of the fruit and its wonderful keeping qualities. The melons weigh from 8 to 12 lbs. each. It is a most valuable novelty. These

splendid melons do not ripen on the vines like other muskmelons, but have to be picked in a green state, before frost, laid away in a cool, dry place where they will keep sound and sweet for several months. When wanted for use bring them in a warm room, where they will ripen in a few days and be ready to eat.

The flesh is unusually thick, solid, and melting; a light green color and has the most delightful flavor imaginable, being rich, spicy, and delicious, with an agreeable pineapple taste.

The Artist, (Mr. Blanc, of Phila.) who has made engravings of, and tasted nearly all the new melons introduced in the past ten years, says "Winter Pineapple is decidedly the finest flavored muskmelon I have ever eaten."

Large Packet 10 cts., 3 for 25 cts.

Everblooming Petunias.

ALSO AN ELEGANT POT PLANT.

I desire to call attention to these entrancingly lovely flowers. They are a superb mixture of wondrous beauty—over 40 varieties. They comprise an endless assortment of colors, shades, and markings. The Petunia is the "Peoples Flower." They will bloom in a month or so after planting, and will continue to produce a perfect cloud of brilliant blossoms until hard frost. No one who loves flowers should fail to plant them. Pkt. 10c. 3 for 25c.

Mr. A. T. Cook:—Your Petunias were a perfect delight all the summer long. The blossoms were immense, and of the most beautiful tints. In the fall they were taken into the house, and they have bloomed continuously all winter. Mrs. C. C. Alford, Mass.

FLOWERS.

"God might have made the earth bring
Enough for great and small, [forth
The oak-tree and the cedar-tree,
Without a flower at all.

He might have made enough, enough
For every want of ours,
For luxury, medicine, and toil,
And yet have made no flowers.

Our outward life requires them not.
Then wherefore had they birth?
To minister delight to man,
To beautify the earth!

To comfort man—to whisper hope
When'er his faith is dim,
For He who careth for the flowers
Will care much more for him!

Tennessee Sweet Potato

Pumpkin.

This Pumpkin is of medium size, pear shaped, flesh thick, creamy white, fine grained, dry, and of most excellent flavor. Hardy, productive, a good keeper. The best variety for pies, and equal to many squashes for cooking.

ADDRESS, A. T. COOK, HYDE PARK, DUTCHESS CO., N. Y.

Colorado Preserving Citron.

This is quite distinct and far superior to the ordinary citron, the seeds being a light green color. It is immensely productive; one vine produced 25 fine melons, weighing from 10 to 30 lbs. each. The flesh is very firm and solid with few seeds, and makes beautiful, clear, transparent preserves of surpassingly fine flavor. All should plant this citron for market and home use. It is a grand seller and will make you money. Pkt 5 cts.

Early Snowball Cauliflower.

The earliest, the surest header, the best and most profitable of all cauliflowers. No other variety compare with it. Snowball cauliflower is the standard everywhere for superiority with all market and private gardeners. It is a very compact grower, and is absolutely certain to form a good sized head when the conditions are right; is good the entire season, and is rapidly driving out the late sorts for fall use. Cauliflowers are easily raised, and every family should grow a supply.

My seed is American grown and very choice. Packet 15 cts. 2 for 25 cts. 8 for \$1.00.

WHITE CHINESE WINTER RADISH.

A magnificent, new Celestial variety, of enormous size and exquisite flavor. By far the best and most tender for late fall and winter use. The flesh is always crisp, mild and juicy—very refreshing. These giant Radishes grow from 10 to 15 inches long and 4 to 5 inches in diameter.

The skin pure paper-white—very handsome. Flesh always crisp, mild and juicy. Easily grown and an immense yielder. Winter Radishes deserve more attention. They are a great luxury in winter, and always sell at good prices.

Plant about July 1st, and pull late, and store in a cellar in boxes of moist earth.

Large Pkt. 10 cts. 3 for 25 cts.

My Great Sewing Machine Premium.

A. T. Cook. Dear Sir:—Last January wife and I got up a \$30.00 order for your seeds in 10 days, and received a fine, Drop Head, 5 Drawer Sewing Machine, with full set of attachments, as a Premium. It is equal to any of the machines sold around here from \$25.00 to \$45.00 each. We have bought seeds from different firms and find yours good as the best.

Yours truly, Geo. A. Fisher, Baker Co. Oregon.

This year I give this elegant Sewing Machine free for a \$30.00 order for anything in my catalog—or one much nearer and better for a \$25.00 order. It is the most wonderful bargain ever heard of. Why not get one also?—or assist some poor woman to obtain one? It is very easy. Begin to-day. Everything is guaranteed.

New Palmetto Asparagus—True Stock.

DECIDEDLY THE BEST IN THE WORLD.

This new variety is the finest ever cultivated. After years of trial in all sections, it is pronounced by all to be far in advance of all others, being much earlier—far better flavor and double the size. Indeed this variety is so superior that gardeners are plowing out their old sorts and planting with Palmetto. It is remarkably tender, rich and buttery when cooked. No other can compare.

Every family should have a supply of this very healthful and delicious vegetable.

My seed is pure and true. If well cared for will produce larger and finer asparagus in TWO years than other varieties at five. Beware of spurious seed.

Don't go to the expense and bother of buying plants when you can get such a quick and easy grower as this.

Large packet with full cultural directions, 10 cts. 3 for 25 cts. 12 for \$1.00. 12 packets will produce \$20.00 to \$30.00 worth of plants. Both Asparagus and Asp. Plants are SURE money makers, and sell quickly at big prices. Plant a lot of it for few things pay better.

From the Editor of American Garden. TRULY A GIANT AS PARAG! S. A bunch of about 50 shoots of Palmetto Asparagus exhibited by a Phila. Gardener, beats anything ever heard of. It weighed 31 lbs., the growth of only 3 days.

A. Winship, Hillsboro Co., N. H. writes:—Your Palmetto Asparagus and Pop Corn are both truly wonderful. I have planted your seeds seven years and find them the best of all. Your packets are twice as large as any other, and you always send so many extras.

True Rocky Ford Muskmelon.

The advent of this valuable variety has done more to popularize muskmelons than any other sort. Over 2,000 carloads of these celebrated melons have been shipped from Rocky Ford, Colo., realizing enormous profits. Unquestionably the best early Muskmelon.

An Amazing Yielder.

A Healthy Vigorous Grower.

Always Brings the Highest Price.

Enormous prices are paid for this variety to the exclusion of all others. Every market and home gardener should plant it largely. No other melon can bring you so much money. My seed is PURE and TRUE, and selected with EXTRA CARE. Beware of spurious seed—there is much of it offered. Pkt. 10 cts. 3 for 25 cts.

PLANT FLOWERS.

Plant flowers carefully, from house to the roadside, To make every passer-by gaze with delight; You can pick them for bouquets or entwine in your tresses, And beautify home from morning 'till night.

O Dear! O Dear! We did not plant Cook's seeds this year and what a dreffed looking garden we have got. We might have known better than to buy store seeds any way. We will always buy of A. T. Cook, after this, his seeds are sure to grow.

**FROM PROF. C. C. GAINES, -- PRESIDENT
of the World Renowned
Eastman National Business College.**

POUGHKEEPSIE, N. Y. May 27 1908

Mr. A. T. Cook, Dear Sir:—I write to acknowledge the receipt of your Post Cards. These are all very attractive, and I want to congratulate you on the work you are doing in the interest of a good cause.

When a man puts a thing of this kind in his life he always takes strong hold on immortality. He entitles himself in some measure to a place in the choir invisible of those immortal dead who live again in minds made better by their presence." In looking over your cards I had distinctly the feeling that I would like to do some good in the same way, and may yet find occasion to work out something in imitation of your good example.

With sincere good wishes,
Very truly yours, C. C. GAINES.

White Plume, Self Blanching Celery.

THE EARLIEST VARIETY.

This is the best of the so called Self Blanching varieties, as it needs but little banking up. Its eating qualities are equal to the best of the older sorts being tender and crisp, solid, and of a pleasing nutty flavor, while its white feather-like foliage places it ahead of all others as a table ornament. More largely grown than any other. If any have failed to grow fine celery, they should try this. Pkt. 10 cts.

**It Pays Well to
Get up a
Club for My Seeds.**

EXTRA EARLY SUGAR WATERMELON.

This remarkable new variety is not only the earliest of all—but will continue to bear abundantly the entire

season. The quality is superb—every melon a good one. Will succeed and produce fine melons in every state—even in Canada. Packet 5 cts. 6 for 25c.

EVERY BOY in the U. S. should have a melon patch, and raise hundreds of big, sweet melons.

Healthful, Delicious, Asparagus.

Don't miss having an Asparagus bed. The True Palmetto is incomparably better than other sorts. It is earlier, double the size, finer quality, and a much stronger and healthy grower. Plant no other even as a gift. Asparagus is ALWAYS a big money crop. It is extremely healthful, and will do you more good than all the quack medicine and drugs ever made. A well made bed will give you an abundance for a lifetime, and will be worth a hundred times the cost. Don't put it off. Plant a lot of seed. You can sell your surplus plants to your neighbors at an immense profit.

Annual Chrysanthemums.

These glorious, showy, flowers grow readily from the seed, and flower freely during summer and fall months. They are very pretty and effective—and very fine for cutting. Foliage is rich dark green, finely cut and ornamental.

I offer the finest selected mixed varieties—a full assortment of both double and single, in richest colors of crimson, golden yellow, striped, mottled, etc., etc. They will be a surprise to flower lovers everywhere. Pkt. 5c. 6 for 25c.

But God has placed it there."

Early Premium Gem Peas.

A superb extra early wrinkled variety of delicious quality. Pods large, long, well filled, and vines marvelously productive, being loaded down with luscious peas. The best, the sweetest, and hardest of all. Pkt. 10c. 3 for 25c.

New Chartier Radish.

This valuable introduction is far superior to most long varieties. Extra quality and flavor. Early, handsome, unusually crisp, tender, and juicy; and remains in good condition a long time. Pkt. 5 cts. 6 for 25c.

G. E. Russell, Leon Co. Fla. writes:—I raised one of your Chartier Radishes 2 ft. 9 in. long, and 17 in. around. I never saw the beat. Your Short Stem Cabbage cannot be excelled. I can say your seeds GROW, and you give more and better seeds for the money than can be had elsewhere.

I WANT every Club Agent far and near—every Agent for anything, anywhere—every Lady who wants plenty of pin money—every bright Boy and Girl who wants valuable Premiums—I want each and every one of them to know that my Seeds, Cinnamon Vines and Potatoes sell twice as fast as anything else—that my Premium offers and cash discounts BEAT THE WORLD—and that never before was there such an easy way of making a lot of money, or securing valuable Premiums free.

POWELL'S PROLIFIC POLE BEAN.

Thoroughly tested and proved to be the greatest Novelty over introduced. **Read the testimonials and judge for yourself.**

WHY NOT

Read These?

A. T. Cook, Dear Sir:—I received the Watches all right. They are grand. I showed them to my neighbors and gave them your Catalogs, and FIVE have already got up clubs and received watches. Every one is pleased. Your seeds are O. K. and your Prem. offers beat the band. Yours truly, John Burns, Ont. Co. N. Y.

Miss E. North, Litchfield Co., Conn. writes:—I take much pleasure in getting up clubs. I found friends ready and willing to give me their orders. Your Premiums are grand, and seeds satisfactory in every way.

enough for a family."

I have found this bean a most rampant grower, one plant filling a pole with a mass of vines—densely loaded with luscious beans. I do not claim too much when I say they **Are more than twice as productive as any other variety in existence.** They are a sight worth seeing: almost a solid mass of pods from the bottom to top of the pole.

The handsome green pods average 8 or 9 beans to the pod, grow very uniform, about 6 inches long; perfectly stringless, very thick meated, tender, rich and buttery; possess an exquisite flavor when cooked—many calling it without exception the very best bean grown. It is a late variety and continues in bearing so long it might well be called "everbearing." I only offer it in packets.

Packet 10 cts. 3 for 25 cts.

BE SURE AND READ THE FOLLOWING.

Mr. A. T. Cook. Your Powell Pole Beans are WONDERFULLY prolific. I never saw anything to compare with them.

From 16 hills we sold \$7.65 worth. and had all we could eat. I verily believe the hills would have paid 75 cts. each had all been sold. You cannot over-recommend this MONEY-MAKER. You should say in your catalog that an ordinary pole will not stand up under the load of beans. We had to prop up nearly every pole. This year will use heavy poles and trellis wire. A. J. Packard, Saco, Me.

S. E. Gwinn, Fayette Co. W. Va. writes:—From 6 vines of the Prolific Beans I sold 3 bushels—a family of 9 eat from them liberally, and there is still a bushel on the vines. I never saw anything to compare with them. All your seeds done well.

Amy Thompson, Gallia Co. O. writes:—I raised 1800 Powell Beans on ONE VINE; which was the greatest yield I ever saw.

Mrs. C. E. Lissford, Kinards, S. C. writes:—From 5 vines we ate beans all summer, and then gathered over one-half gallon of seed. They were the admiration of the neighborhood. I have picked a full mess of beans for dinner, without changing position at the vine. Our summer was dry, but the vines continued green and bearing, while all other kinds of beans dried up; they are the best bean I ever saw grow, and I cannot command words to express the true value of such a garden treasure.

Mr. A. T. Cook. Your Powell beans were the grandest I ever saw. **FROM 5 HILLS WE PICKED 5 BUSHELS.** They continued green and bearing long after all other beans were dead. I was greatly pleased with all the seeds, and especially so with the extras. Mrs. J. J. Steward, Monongalia Co. W. Va.

World Famous Prizetaker Onion.

ITS MILDNESS OF FLAVOR AND TENDERNESS ARE UNEXCELLED EVEN BY THE BERMUDA VARIETIES.

This is without exception, the grandest variety of yellow globe onion grown for our American climate. It is the largest, handsomest, finest flavored, and in every way **THE BEST.** It is admittedly the **LARGEST** of all varieties; samples have been grown to the enormous weight of

Over 5 Pounds Each.

With good culture it produces wonderful crops everywhere; one reports over 1200 bushels per acre; another says "I grew 180 bushels on exactly one-sixth of an acre."

**Excels in Yield,
Excels in Size,
Excels in Quality,
Excels in Beauty.**

The Prizetaker is easily grown, ripens up hard and firm, is a good keeper, and always brings an extra price. It is certainly a wonder, and nothing short of an actual trial will convey an idea of its great value. Don't miss it. Remember my seed is American grown, carefully selected and pure. **Beware of cheap onion seed.** Per Pkt. 10 cts. 3 for 25c.

H. W. Bowie, Gray, Maine, writes:—Mr. A. T. Cook. Your onion seed produced the best onions I ever saw.

Win. M. Russell writes:—The extras you sent were most bountiful. The Prizetaker onions were up in 5 days.

WHY NOT

encourage your boys and girls to grow plants for sale. There is no EASIER way to get a pocket of pin money, (except in getting up clubs for my seeds.) Let them plant a good lot of tomato, cabbage, celery, pepper, lettuce, asparagus, pansies, cauliflower, egg-plant, etc. Care for them well, and paint a sign and hang by the front gate—and they will soon be taking in money, and learning business faster than they ever did before in their life. Heed this friendly hint, for it will pay you in more ways than one.

Ladies! Read This Testimonial,

AND EVERYBODY WHO WANTS A POCKET OF PIN MONEY.

Mrs. E. E. Stedman, Washington Co. N. Y. writes:—I saw your offer of a watch and took your catalog at once and started out, and in a very short time I got up the club. As I had done so well I thought I would try and sell some more seeds and earn some money. In a few hours I obtained \$20.00 worth of orders. I have a nice watch and a good lot of pin money for my trouble. Let others do likewise.

This is the first time I have tried club raising, and I have enjoyed it very much, and wish to thank you heartily for giving women and children such a chance to earn money needed for many things.

POWELL'S PROLIFIC POLE BEAN.

This wonderful new variety, (first introduced by me), originated in North Carolina—a few seeds were kindly sent me for trial by Prof. R. S. POWELL, who writes:—"They are an extraordinary snap bean, surpassing anything ever seen in our section—bearing profusely, and continuing until frost; they are very tender and palatable—my little are

MAMMOTH MELTING SUGAR PEAS — Most Delicious of All.

Rightly named. The sweet, brittle, succulent pods are cooked same as string or snap beans — pods and peas eaten together. A "dish fit for a King." Excels all other Sugar Peas in size, tenderness and sweetness of pods, and delicious flavor. These luscious peas are too little known. Every one should grow them.

Deliciously Rich, Tender, Prodigiously Prolific.

They contain so much sugar, starch, and gluten, making them most nutritious. Height of vines 4 to 5 feet, bearing their immense pods in the greatest profusion. Every garden should have a liberal supply of this superior vegetable. Peas are very scarce this year, but I have a splendid stock, as well as of all other seeds. Remember I send EVERYTHING by mail PREPAID and guarantee safe arrival.

Per Packet 10 cts., 3 for 25 cts.,

NEW EARLY WHITE VELVET OKRA.

Cooks Extra White Velvet Okra.

Okra is a fashionable Southern vegetable, of the easiest growth, and matures first season even in the extreme north. Pods are used when young and tender, are excellent for soups, stews, etc., and really delicious when pickled.

The White Velvet is best of all Okras, very early and distinct. The pods are round, smooth, and handsome; much larger than any other

and of superior flavor and tenderness. Very prolific. Why not try Okra this year? You will surely like this splendid new variety. It is one of the good things no one should do without. Packet 5 cts

NEW EARLY TREE TOMATO.

Cooks New Tree Tomato.

I think this more nearly resembles a tree than any other. It stands up like a tree, with a stiff, vigorous upright stalk — with fruit well up above the ground. Bears very abundantly, fruit good size, smooth, bright red color, and of superior flavor. A valuable, curious acquisition very ornamental and useful. I am sure all will be pleased with it. Pkt. 10c 3 for 25c.

YOU CANNOT do me a greater favor than to show my Catalog to your friends, and allow them to use it for sending their orders, and getting up Clubs.

NEW CHINESE GIANT PEPPER.

The Chinese Giant is by all odds the largest and finest of Peppers. It is the grandest sort for salads — stuffed for mangoes — or sliced and served like tomatoes. For market are twice as profitable as any other, as they bring such fancy prices. Plants are stocky habit, about 2 feet high, and loaded with enormous fruits. 22 of these gigantic Peppers have been counted on a single plant. They are very mild, sweet as an apple and ripen early. Every one will want to plant it I am certain.

READ THE FOLLOWING FROM THE EDITOR OF THE RURAL NEW YORKER TO WHOM A FEW SEEDS WERE SENT FOR TRIAL.

"We grew the Chinese Giant Pepper with much pleasure, and found them veritable monsters. Their highly colored fruit is a pleasant addition to summer salads. The flesh is thick, tender, and sweet, without any burning taste. The plants grew finely, and the immense peppers — often more than 6 inches in diameter and depth make a very handsome show in the garden. The Chinese Giant is earlier than the Ruby King."

True Stock, Packet 10 cts., 3 for 25 cts.,

Most Valuable Of All Peppers.

This Cut Only One-third Size.

Address, A. T. COOK, HYDE PARK, Dutchess Co., N. Y.

COBAEA VINE—Rare Climber.

Every one is very much delighted with this handsome, rapid growing annual climber. It attains the height of 20 to 30 feet in a season. Very pretty foliage, with numerous bell shaped flowers of lovely hues. Prolific bloomers, and perfectly hardy. It makes a surprising show of vines and flowers the first season.

A Gem of Beauty.

Surely no flower lover should skip this beautiful vine. Choice Mixed Colors. Packet 10 cts.

Short and to the Point.

"I lay all other catalogs down and turn to your honest list. Your seeds ALWAYS please." Mrs. G. T. Williams. N. J.

True Ice Plant.

(MESEMBRYANTHEMUM CRYSTALLINUM.)

A handsome and unique annual plant, for hanging baskets, rock-work, vases, and house plants; also fine for beds, edgings, etc. The leaves and stems are almost transparent, appear as though covered with icy crystals that look peculiarly brilliant and glistening in the sunlight. It is a plant of the easiest culture and that is always admired. It should be in every flower garden. The flowers are white.

Cut shows the attractive appearance of Ice Plant in Pot Culture. Packet 5 cents.

"I would not take \$1.00 for my Ice Plant. I esteem it above all my other flowers. All your seeds gave entire satisfaction."

E. J. Colston, Social Circle, Ga.

From Irene Dean in "Epitomist." Oh, what beauties my Ice Plants were. They were entirely covered with "icy" crystals. I set one in a 3 inch can; it grew as large as a big tin pail. Every one that saw it was astonished. The flowers are very beautiful.

VERBENAS,—Superfine Mixture.

Very few plants make such a gorgeous display during the season as the Verbenas, or furnish more flowers for cutting. Unrivalled as a constant bloomer, brilliancy of flower, and sweet fragrance. They grow from seed the first season. For profusion of bloom—large blossoms, and variety of colors—my selected mixture cannot be excelled. I wish every one to grow these lovely flowers.

Large Packet 10 cts. 3 for 25 cts. 12 for \$1.00.

LONG STANDING SPINACH.

Spinach is a delicious vegetable either for spring or fall sowing.

This variety is the gardeners favorite; it is a most attractive color with thick fleshy leaves of fine texture. Extremely hardy, and stands longest of all before going to seed.

Packet 5 cents—

COOK'S PERFECTION PARSNIP.

Rightly named, and without doubt the finest strain of Parsnip that can be produced. It is a wonderful improvement on the old sorts, and no one desiring the best should fail to grow it. The roots are very smooth and handsome; tender, sugary, fine-grained; and of most excellent quality. Customers are unanimous in praising it.

This is truly a delicious vegetable, very fine stewed, fried, boiled, etc. All who do not like the old poorer sorts are recommended to try this.

It produces enormous crops; and the short, thick roots are easily gathered. It is without question the best for home use, market, or exhibition purposes.

While this is essentially a table parsnip—it is also superior to all others for stock feeding owing to its great size and extraordinary sweetness.

Large Golden Oregon Onion. — A Great Money-Maker.

I offer my customers and all critical onion growers seed of my select strain of Golden Oregon Onion. This is a very handsome onion, thin yellow skin, white flesh, fine grained, firm, and of extra flavor. "I PLANTED a measured half acre and gathered from the same 452 bushels. This is at the rate of 904 bushels per acre. In an exhibit of 17 varieties of onions at our State Fair the Golden Oregon took the first premium over all competitors. It is certainly the most remarkable onion before the people to-day." E. TEMPERANCE, PURITY, AND GODLINESS.

Our old friend A. T. Cook, of Hyde Park, N. Y., sends out a nice catalog of garden seeds, etc., and actually takes space on its crowded pages to plead for temperance, purity, and godliness. It is refreshing to find a seed catalog that not only refuses to sell tobacco seed, nor anything else that, in his opinion, will not be a real substantial benefit to the customers, but uses its valuable space to remonstrate with the boys on commencing to use tobacco. Brief exhortations for righteousness are scattered all through its pages.

Finest Everlastings, or Eternal Flowers.

One of the handsomest and most showy of all garden annuals, and much the finest of all for winter bouquets, baskets, vases, and other decorations. They are very hardy, of easy culture, and produce large, brilliant blossoms in the greatest abundance—rich red, yellow, scarlet, white, etc.—many shaded and tipped with various rich colors of rare beauty. Cut and dry when in bud and blossom. They never fade, but retain their beauty for years. These are the most beautiful of all everlastings. Height 2 feet. Packet 5 cts.

LITTLE GEM SWEET ALYSSUM.

The Little Gem plants are very dwarf, and each one spreads so as to completely cover a circular space 12 to 16 inches in diameter. They soon become one mass of white, remaining in full bloom from spring to fall.

More than 400 clusters of flowers in full bloom have been counted on one plant. Little Gem is sweetest and best of all flowers for single specimens, borders, ribbons, etc., and might well have been called "Snow White Carpet Plant." Of the easiest culture. Do not forget this favorite, fragrant flower when you order.

Very Choice Seed, only 5 cts. per pkt. 6 for 25 cts

Be Sure and read the following from H. A. McQuilston, Pansy Specialist of Preble Co., O.

"Mr. A. T. Cook:—I have used the best Pansy Seed of many leading seedsmen, and yours clearly surpass them all in vigor of plants, size and number of blossoms, and great diversity of color. Everyone greets them with words of praise and astonishment. It is no trouble to sell plants from your seeds—they sell themselves."

From Miss Mary Nesbit, Pa. "I had the loveliest of flower beds from your seed, and lots of people walked two miles to get a bouquet. Many city boarders came and purchased flowers. The Sweet Peas, Sweet Williams, and Verbenas were especially beautiful. I cannot thank you enough for the extras. My Aunt said, 'I have seen people get extras, but I never saw the like of this man before.'"

I Invite all to Get up Clubs.

NEW MARQUERITE CARNATIONS.

Perpetual Blooming—Giant Flowering.

The greatest flower seed novelty of the times. These gorgeous, fragrant Carnations flower in marvellous profusion from Aug. till killed by severe frost—from seeds sown in the spring.

Plants are dwarf, compact, and grow easy everywhere. Blossoms giant size, often 3 inches across, and usually are double as can be. The varieties and colors are wonderful—white, blush, deep pink, salmon, carmine, scarlet, dark crimson, maroon, and many beautifully variegated. Some picotee-edged, spotted, striped, tinted, etc. Many have lovely fringed petals, and all are delightfully fragrant. They can be potted in the fall and will continue to bloom profusely in the house all the winter. Words cannot describe these magnificent Carnations. Which ever of my Beauties you omit, don't let it be these.

Lydia and M. J. Clarkson, Authors of "Art Studies," writes:—"No vine ever gave us so much continued pleasure. The growth is truly phenomenal. Its handsome foliage and fragrant blossoms commend it to every lover of flowers. If its merits were more widely known you would be overwhelmed with orders."
Mrs. C. Hensley, Putnam Co., Ind., writes: "The Cinnamon Vines grew 30 feet last year and was the talk and wonder of the neighborhood. I can truly say I have bought seeds of a good many firms and none are as good as yours."
W. Weeks, Worcester Co., Mass., writes:—"I enclose an order for 100 more roots. I sold the last lot in fifteen minutes."

MY BEST testimonial is that I have sold roots to nearly every one of my neighbors for miles around, who have seen my vines and noted their wondrous perfume while passing along the highway.

MONEY FOR ALL, Or Valuable Premiums Free.

I Want 25,000 persons to get up clubs for these charming vines (and for all my other seeds). If you purchase roots by the hundred and work for cash, you can surely make \$3.00 to \$10.00 per day. Many exceed this. You MORE than double your money on sales.

These are beautiful beyond description. Any lady or Gent. should obtain one in two or three days at the longest. The Ladies Silver Watch too is a gem and can be earned by almost any one in a single day. Thousands have got up clubs and made money.

Every Parent should encourage their children to work for my Premiums, for it will aid them to become successful citizens. The benefit to them will be beyond all estimate. Give them your own order to start them, then bid them go ahead and they will do the rest.

Has Been My Customer for 25 Years.

Fair Haven, Preble Co., Ohio, Oct. 27th, 1905. Dear Friend Cook:—I have used your Vegetable and Flower seeds for twenty-five years—and have only words of praise for them. It has always been a pleasure to do business with you—you are so prompt, so careful, and your packages are so neat. I have never found better seeds than yours—and few as good. I grow vegetable plants for sale and have a good trade. I will not grow tobacco plants for love or money. There's no place like home. Everyone should benefit it.

Truly Yours, Hugh A. McQuiston.
